

Gianluca Rosso, MD, PhD

Associate Professor of Psychiatry at Department of Neurosciences 'Rita Levi Montalcini', University of Turin, 10126, Torino, Italy

Psychiatric Unit, San Luigi Gonzaga University Hospital of Orbassano, 10043, Torino, Italy

Personal data

Birth place and date: Torino (Italy), 28/08/1978.

Foreign languages

English

Degree

He got a first degree in Medicine on 12/7/2002, at the University of Turin, achieving the M.D. professional abilitation on June 2003.

He specialized in Psychiatry at the University of Turin on December 2006.

Ph.D at the University of Turin (Doctoral School in Life and Health Science): March 2013

Forensic psychiatry specialization (Dept. of Neurosciences, University of Turin): 2015.

National Academic Qualification as Associate Professor of Psychiatry (March 2017)

Previous work experiences

He has attended the Psychiatric Clinic of the University of Turin (Prof. Bogetto, Prof. Maina), focusing his clinical and research activity on bipolar disorder (2000-2002).

Resident in psychiatry: Jan 2003 – Dec 2006.

Temporary Research fellow at Dept. of Neurosciences, University of Turin (S Giovanni Battista Hospital, Torino, Italy), attending the Mood and Anxiety Disorders Unit (Prof. Maina), the psychiatric ward and the emergency dept. from Jan 2003 to Nov 2013.

Ph.D candidate: 2009-2013.

Temporary research fellow at the Psychiatric Unit of the S Luigi Gonzaga Hospital of Orbassano (Dept. of Neurosciences, University of Turin): from Nov 2013 to Aug 2017.

Psychiatrist (permanent staff) at S Luigi Gonzaga University Hospital (Orbassano, Turin), Psychiatric Unit: from Sep 2017 to Nov 2019

Current position

Associate Professor of Psychiatry (Dept. of Neurosciences, University of Turin) at Psychiatric Unit of S Luigi Gonzaga University Hospital: from 1 Dec 2019

Clinical activity

Psychiatric Ward, Emergency Dept and Outpatient facilities, S Luigi Gonzaga University Hospital (Orbassano, Turin).

Private practice, Torino (Italy).

Teaching activity

University Courses:

- 'Psychiatry' at School of Medicine and Surgery (taught in English), University of Torino, San Luigi Gonzaga Educational Pole;
- 'Clinical nursing of psychic distress' at Nursing Degree Course, School of Medicine, Orbassano and Candiolo Educational Pole, University of Torino;
- 'Mood disorders' at Psychiatric Rehabilitation Technique, Rehabilitation Sciences of the Health Professions Degree Course, Orbassano and Candiolo Educational Pole, University of Torino;
- 'Psychiatry' at Professional Education Degree Course, University of Torino, Savigliano (CN) Pole.

Post-graduate Specialization Courses:

- 'Obsessive-compulsive Disorders' at Post-graduate Residency Program in Psychiatry, Dept. of Neurosciences, University of Turin;
- 'Psychiatry and Ethics' at Post-graduate Residency Program in Psychiatry, Dept. of Neurosciences, University of Turin;
- 'Psychiatry (psychotherapy)' at Post-graduate Residency Program in Psychiatry, Dept. of Neurosciences, University of Turin;

Ph.D Advanced Courses:

- Glycogen synthase kinase-3 (GSK-3): a potential biomarker in mood disorders. May 20th, 2021

Master's Courses:

- Psychology, Psychopathology and Perinatal Psychiatry Master. Milan, Feb 16th, 2020. Italian Society for Perinatal Mental Health - Marcè Society. Presentation: Peripartum Bipolar Disorder
- Psychopathology and Perinatal Psychiatry Master. May 23rd, 2021. Italian Society for Perinatal Mental Health - Marcè Society. Presentation: Peripartum obsessive-compulsive disorder.

Research activity

Main interests:

- bipolar disorder: efficacy and tolerability of mood stabilizers, bipolar spectrum, bipolar mixed states, impact of comorbid psychiatric disorders and metabolic syndrome;
- brief dynamic psychotherapy in the treatment of depressive and anxiety disorders.
- resistant major depressive disorder;
- obsessive-compulsive disorder;
- perinatal psychiatry;
- translational studies on neuronal growing factors and other peripheral biomarkers in mood and anxiety disorders (collaboration with Neuropsychopharmacology Unit of IRCCS San Giovanni di Dio, Brescia, Italy and NICO – Neuroscience Institute Cavalieri Ottolenghi, Torino, Italy);

Editorial board (International Scientific Journals with I.F.):

Frontiers in Psychiatry (Research Topic Editor, Review Editor)

Sub-investigating in the following clinical trials:

- "Duloxetine versus Placebo in the prevention of recurrence of Major Depressive Disorder", 2005-2007;
- "Comparison of Two Different Treatment Strategies in Patients with Major Depressive Disorder Not Exhibiting Improvement on Escitalopram Treatment: Early vs. Delayed Intervention Strategy", 2008;
- "A Phase 4, 8-week, double-blind, randomized study comparing switching to duloxetine or escitalopram in patients with major depressive disorder and residual apathy in the absence of depressed mood", svoltosi nel 2010;
- "A Randomized, Double-blind, Multicenter, Active-Controlled Study of Intranasal Esketamine Plus an Oral Antidepressant for Relapse Prevention in Treatment-resistant Depression (SUSTAIN-1) ESKETINTRD3003 (Codice EudraCT 2014-004586-24)

Principal investigator in the following clinical trials:

- "Efficacy in real life of vortioxetine in patients with major depressive disorder and cognitive symptoms."
- "Treatment resistant depression cohort in Europe".
- "Description of routine treatment pathways in a cohort of patients with major depression and 'active suicidal ideation with intent' in Italy: the ARIANNA observational study.", ongoing.

'Good Clinical Practice' certificate. NIDA Clinical Coordinating Center – March 20, 2018.

Awards:

- Sexual and religious obsession and socio-demographic characteristics: analysis of 169 OCD patients. Poster award at 8th National Congress of Italian Society of Psychopathology, 2003;
- Pharmaco-induced hypomania in anxiety disorders. Poster award at 9th National Congress of Italian Society of Psychopathology, 2004;
- Comparison of serum levels of BDNF between patient with OCD and Major Depressive Disorder. Poster award at 14th National Congress of Italian Society of Psychopathology, 2010;
- Mixed states: diagnostic reevaluation and role of antidepressants. Poster award at 17th National Congress of Italian Society of Psychopathology, 2013;
- Glucose metabolism alterations in patients with bipolar disorder. Young psychiatrists award 2015, Italian Society of Psychiatry.

Author of more than 80 scientific publications, of which more than 40 on journals with IF (h-index by SCOPUS: 16) – ORCID: 0000-0002-2308-9146.
